

Amadeus Consulting partners with The BTM Company to deliver Reservation Plus!

Amadeus Consulting is uniquely qualified to serve as a software development partner to The BTM Company for the Reservation Plus project. Since 1994, we have provided advanced technology solutions to a long list of satisfied clients ranging from Fortune 500 companies such as Motorola and Gemstar-TV Guide to premier entrepreneurial companies including Data Connect Corp., TotalSecurity.US, Pioneer General, CQG, BrightStores, PlanetOutdoors.com, iSatori Technologies and The Booth Company.

From day one Amadeus Consulting has been building internet applications including e-commerce websites. We continue to stay on the leading edge of web technologies and solve the evolving challenges of web development. Business needs in the e-commerce space consistently outpace existing platform solutions. This has continued to drive industry leaders to Amadeus Consulting for custom application solutions.

Located in Boulder, CO and with approximately 50 employees, Amadeus Consulting is a Microsoft Gold Certified Partner and has received national recognition from Microsoft for superior software solutions and innovation. Some additional company and individual honors include:

- Named to the Mercury 100 list as one of the fastest growing companies in Boulder County in 2007 and 2008.
- Named to the Inc. 5000 in 2007 and 2008 as one of the fastest growing private companies in the United States.
- First place in the Microsoft Office XP Challenge for innovative solutions.
- Microsoft Most Valuable Professional (MVP) distinctions.
- Microsoft Partner Competencies in Custom Development, Data Management Solutions, and Mobile Solutions.
- Denver Business Journal's "Forty Under 40" Business Leaders in 2006 and 2009.

Amadeus Consulting is organized and optimized to ensure the success of every project and to provide ongoing support for systems in production. Amadeus Consulting clients benefit from the exceptional talent of our developers, a supportive team culture, and our highly effective, well-developed methodology.
